With a base blend of all natural essential oils for their healing properties, this lotion combines the effects of Peppermint with salicylate-rich Helichrysum, Wintergreen Methyl Salicylate and Capsicum to induce natural aspirin-like compounds. Similarly, Birch is used for its effective oil to relieve muscular aches and also for arthritis, rheumatism, tendonitis, hypertension, and cramps. It is like cortisone with in its benefits for bone, muscle and joint discomfort. Rosemary works dually as a pain reliever for tired muscles while having a stimulating effect on the central nervous system. Thyme, Eucalyptus and Tea Tree stimulates blood flow to tissues and helps reduce pain caused by muscle cramps, aches and spasms. Their analgesic and anti-inflammatory properties is often recommended for use to patients suffering from rheumatism, lumbago, sprained ligaments and tendons, stiff muscles, aches, fibrosis and even nerve pain. Apply liberally as a lotion, aftershave and more to soothe pained areas and replenish dry skin with a non-greasy, smooth feeling.
